## BIKE THE US FOR MS THANK YOU

The **Bike the US for MS** North Lakes tour would not have been a success without you and we appreciate your support for our team and those living with MS. Our 14 riders received donations totaling over \$27,000! This small non-profit organization donates the majority of the money to MS research and to those living with MS. All of this would not be possible without the generous support of our hosts. Our riders were impressed with your generosity and support. They especially appreciated the beauty of the Northwoods and the Michigan coast line. Our tour did not have any incidents and that is always a blessing. Thank you again for hosting us and we hope we can call on you again.
